PARAINFLUENZA & COVID UPDATE

Unfortunately we need to advise that we have an outbreak of Parainfluenza (including one COVID positive case) at Rembrandt Court. Currently there are 16 confirmed cases of Parainfluenza in multiple houses with several residents results pending. All residents with the virus have mild symptoms. Parainfluenza is a group of viruses that cause both upper and lower respiratory tract symptoms, similar to the common cold, fever, runny nose, cough, sneezing, sore throat. This virus can cause elderly people to become unwell with complications such as pneumonia and bronchiolitis so it is imperative that we contain the outbreak.

We are therefore upgrading our Alert Status to Orange. This means staff will be wearing N95 masks in the outbreak areas and will be asked to do a RAT every 48 hours. Visitors remain welcome however, masks will be required and please remember to stay away if you feel unwell. All crosshouse activities will temporarily cease. Thank you for your understanding and patience, as usual if you have any questions, please do not hesitate to contact us.

MAY SHE REST IN PEACE

It is with great sadness that we announce the passing of Rembrandt Living resident Olga Grzechnik on 11th November 2023. Our thoughts and prayers are with her family and friends during this time.

WEEKLY RESIDENT'S MEETING

Wednesday 15th November, attended by two residents and two staff members with the following discussed:

- Residents are enjoying the new desserts and presentation, however would like the dessert spoons changed as they don't get into the new parfait cups that well - Kitchen will action this.
- Resident did report there are still some issues with ice-cream being served at the same time as the soup and main meal - More staff education around this ongoing issue will be implemented.
