THE 2024 OLYMPICS AT REMBRANDT COURT

The modern Olympic Games are the leading international sporting events featuring summer and winter sports competitions in which thousands of athletes from around the world participate in a variety of competitions.

The Olympic Games are considered the world's foremost sports competition with more than 200 teams, representing sovereign states and territories, participating. The Olympic Games are held every four years. Since 1994, they have alternated between the Summer and Winter Olympics every two and four years! Fun Fact - the 2020 Olympics were postponed until 2021 as a result of the COVID-19 pandemic. The Games also provide an opportunity for the host city and country to showcase themselves to the world, this year it's Paris, France. The Paris games are scheduled to take place from the 26th of July to the 11th of August 2024 all around France (mostly Paris). Rembrandt Court is excited to involve our residents in some fun activities and games over the next month. Please reach out to the lifestyle team if you would like to get involved.

NAIDOC WEEK - 7TH JULY TO 14TH JULY

On 26 January 1938, while many Australians celebrated the 150th anniversary of the landing of the First Fleet, a group of over 1000 Aboriginal people gathered at Australia Hall in Sydney to call for full citizenship status' and laws to improve the lives of First Nations people.

As one of the first major civil rights gatherings in the world, this day became known as the Day of Mourning. Since then, National NAIDOC Week has grown to become both a commemoration of the first Day of Mourning as well as a celebration of the history, culture and excellence of First Nations people. National NAIDOC Week is observed annually from the first Sunday in July until the following Sunday.

WEEKLY RESIDENT'S MEETING

The weekly residents' meeting was held on Wednesday, 10th July 2024, attended by five residents and 2 staff members.

- Residents would like the umbrellas in the cafe taken down during Winter if windy, this will encourage more winter sun!
- Residents asked about the frosted glass near the Rose House kitchen - Maintenance team is aware
- A resident has requested a small games table in Rose House. Same size as card table for four people to use.
- The pea soup served on Monday night was great

BABY, IT'S COLD OUTSIDE!

Now that winter is well and truly here we ask families to please take some time to review residents wardrobes. Please check that residents have appropriate winter wear to keep warm on those chilly days.

The July Board meeting was held on Wednesday, July 3rd, 2024, in the Rembrandt Court Board Room, with a full Board in attendance.

This month's Aged Care Awareness Activity was led by CEO Deb who took the board through a refresher on Incident Management and the importance of this process! The group discussed the best way to describe an incident as **"anything that happens out of the ordinary"**. Incidents must be captured (not only in case notes), even if the event was only 'told' to us, in other words, not witnessed by us. Our incident management systems incorporate the mandatory reporting of Serious Incident Response Scheme (SIRS) and Deb took the board through some examples of these.

The Board approved the 2024-25 Business Plan including an extraordinary budget of \$1M towards a business information and transformation project. This project will see concentrated work this year on room refurbishments, upgrading our IT systems, cybersecurity, and planning work for the 'Doreen Street' piece of land.

The newly documented Employee Retention Framework was also reviewed and approved by the Board. The Board said it is a really good document, meaningful, and should resonate with staff.

The Board complimented Jo Pedler, the Rembrandt Court Cafe Manager, and said the cafe goes way beyond expectations. They acknowledged the importance of the cafe for the residents, their families and our staff. It was noted that staff members come in for lunch on their days off and bring their friends with them because the food and coffee is so good!

Did you know that the Board and committees review our risks at every meeting? Effective risk management attempts to control, as much as possible, future outcomes by acting proactively rather than reactively. Therefore, effective risk management offers the potential to reduce both the possibility of a risk occurring and its potential impact. An important process indeed!

Thank you Jo!
